The Bank recommends that the Client read these Terms and Conditions very carefully. If the Client is unsure about the meaning or effect of any of these Terms and Conditions, the Client should seek advice from an appropriate professional. The Client should keep these Terms and Conditions in a safe place for future reference.

The Client should contact their Relationship Manager if the Client has any questions about these Terms and Conditions, which are effective as from 1st January 2021.

2 The service provided by the Bank to the Client

2.1 Investment Service

The Account Application and Agreement includes a client investment profile (“the Client Investment Profile”) which details the investment service that the Bank provides to the Client under these Terms and Conditions. The Client must select one investment profile. The three options available to clients are provided under 2.1.1 (discretionary service – see also section 58), 2.1.2 (advisory service – see also section 57) and 2.1.3 (execution only service).

2.1.1 The Discretionary Service

Where the Client specifies “Discretionary Portfolio Management” as set out in the Client Investment Profile:

- a) the Client appoints the Bank to manage the portfolio on a discretionary basis;
- b) the Client authorises the Bank to enter into transactions and arrangements without prior reference to the Client on the Client’s behalf and for the Client’s Account, subject to any investment objective or restriction made by the Client in the Client Investment Profile;
- c) the Client understands and agrees that the Bank may aggregate the portfolio both with the portfolios of other Clients and with the Bank’s monies for investment in order to make a common investment decision for a number of portfolios managed by the Bank;

- d) the Bank may also give advice to the Client on the investment of the portfolio, such advice may be given either verbally or in writing; and
- e) the Bank may at its sole discretion and without providing reasons decline to accept any particular instructions or to advise the Client on a particular investment.

Where the Bank provides a Discretionary Service to the Client the Bank will only do this having ascertained that the products are suitable for the Client's needs. This assessment will take into account the Client's knowledge and experience of the type of products, as well as the Client's investment objectives and level of risk suitable to the Client's portfolio.

2.1.2 The Advisory Service

Where the Client specifies "Advisory" in the Client Investment Profile:

- a) The Client appoints the Bank to give the Client investment advice;
- b) The Client authorises the Bank to enter into transactions and arrangements on the Client's behalf and for the Client's Account;
- c) Advice may be given either verbally or in writing;
- d) The Bank may in the Bank's discretion and without giving reasons decline to accept any particular instructions or to advise the Client on a particular investment; and
- e) Where the Client is a Retail Client and the Bank offers advice on Packaged Products, the advice is offered based on a selection of Packaged Products from the whole of the market. Where the Bank offers such advice on a life assurance policy, a "Suitability Letter" will be supplied separately to enable the Client to make an informed decision. That Suitability Letter shall: -
 - i. explain why the Bank has concluded that the transaction is suitable for the Client, specifically having regard to his personal and financial circumstances;
 - ii. contain a summary of the main consequences and the possible disadvantages of the transaction; and
 - iii. identify the Relationship Manager who is authorised by the Bank to advise on the life assurance product that may have been recommended.
- f) A "suitability letter" will also be issued upon execution of a transaction when the Bank provides investment advice. This letter shall include:
 - i. The advice given; and
 - ii. How the transaction is suitable for the Client and how it meets the Client's objectives and personal circumstances, such as investment time horizon, knowledge and experience, attitude to risk and capacity for loss.
- g) The Client authorises the Bank to provide the Client with details of structured products as and when the Bank determines. Where relevant, the Bank will provide the Client with 'Key Investor Information Documents' or other information sheet on the investment product.

Where the Bank provides personalised advice to the Client about the purchase of any financial instrument, the Bank will only do this having ascertained that the product is suitable for the Client's needs. This assessment will take into account the Client's knowledge and experience of the type of product, as well as the Client's investment objectives and level of risk suitable to the Client's portfolio.

2.1.3 Execution-only Services

a) Where the Client specifies "Execution-only" in the Client Investment Profile:

- i. If the Client instructs the Bank to enter into an Execution-only transaction in relation to Non-Complex Products then:
 - the Bank shall not have any duty to advise the Client in respect of either the Execution-only transaction or any subsequent sale or potential sale of any asset acquired under that Execution-only transaction; and
 - the Bank will not make an assessment of the suitability or appropriateness of that Execution-only transaction in the context of the Client's investment objectives.
- ii. Where the Client actions an Execution-only transaction in a Complex Product, the Bank shall owe the Client (unless the Client is a Professional Client) a duty to assess the appropriateness of the Execution-only transaction by reference to the Client's experience, knowledge and understanding of the risks involved. If the Bank considers (on the basis of the information that the Bank holds about the Client) that the Execution-only transaction is not appropriate for the Client, the Bank shall warn the Client about this. If notwithstanding the warning that the Bank has given the Client, the Client asks the Bank to proceed with the Execution-only transaction and the Bank executes the transaction for the Client, the Client shall be solely responsible for that decision and the Bank shall have no liability whatsoever to the Client in respect of it. The provision of this paragraph shall be without prejudice to the Bank's general rights to refuse to execute the Client's orders or instructions.
- iii. The Client agrees to supply the Bank with all information that the Bank requests to enable the Bank to assess the appropriateness of Execution-only transactions in the manner contemplated in paragraph (ii) above.
- iv. The Bank may at the Bank's discretion and without giving reasons decline to accept any Execution-only transactions.

b) Where the Client has selected Execution-only with a Third-Party Investment Manager the Bank will assess appropriateness of the transaction on the knowledge and experience of the Third Party Investment Manager:

The Bank may also action Execution-only transactions for the Client in cases where the Client has selected a Third-Party Investment Manager.

- i. If the Third-party investment Manager instructs the bank to enter into an Execution-only transaction in relation to Non-complex products then:
 - the Bank shall not have any duty to advise the Client in respect of either that Execution-only transaction or any subsequent sale or potential sale of any asset acquired under the Execution-only transaction; and
 - the Bank will not make an assessment of the suitability or appropriateness of that Execution-only transaction in the context of the Client's investment objectives.
- ii. If the Third-Party Investment Manager instructs the Bank to enter into an Execution-only transaction in relation to Complex Products then the Bank shall owe the Client (unless the Client is a Professional Client) a duty to assess the appropriateness of the Execution-only transaction by reference to the Third-Party Managers experience, knowledge and understanding of the risks involved. If the Bank considers (on the basis of the information that the Bank holds about the

Third-Party Investment Manager) that the Execution-only transaction is not appropriate, the Bank shall either warn the Third-Party Investment Manager or request the Third-Party Investment Manager to warn the Client about this. If notwithstanding the warning that the Bank has given the Client or the Third-Party Investment Manager, the Third-Party Investment Manager asks the Bank to proceed with the Execution-only transaction and the Bank executes the transaction for the Client, the Client and its Third-Party Investment Manager shall be solely responsible for that decision and the Bank shall have no liability whatsoever to either in respect of it. The provisions of this paragraph shall be without prejudice to our general rights to refuse to execute the Client's orders or instructions.

- The Client agrees (or instructs the Third-Party Investment Manager) to supply the Bank with all information that the Bank requests to enable the Bank to assess the appropriateness of Execution-only transactions in the manner contemplated in paragraph (ii) above.
- The Bank may at the Bank's sole discretion and without providing any reasons, may decline to accept any Execution-only transactions.

2.1.4 Packaged Products: The Bank offers advice on Packaged Products based on a selection from the whole of the market and is not required by any arrangement to recommend investment products.

2.1.5 When effecting a transaction on the Client's behalf, the Bank may act as principal or as the Client's agent or otherwise arrange the transaction on the Client's behalf.

2.1.6 The Client gives the Bank, as the Client's agent, full and unrestricted authority, on such occasions as the Bank thinks fit, to place the Client's order for execution and/or settlement with or through such other person (who may be connected with the Bank) as the Bank shall at its sole discretion select, subject to whatever terms the Bank, as the Client's agent, may agree with that person or as may be implied, and by which the Client will be bound. In particular, orders will be placed on the basis that that person will be responsible for executing the transaction and that the Bank will not be responsible for the execution of the order (provided that the Bank has complied with any applicable best execution obligations in the Bank's selection of that person) or for any default of that person in connection with the execution. Such other person may not be regulated by the Gibraltar Financial Services Commission in which case the regulatory regime applying, including any compensation arrangements, may in some or all respects be different from that of Gibraltar.

2.1.7 All investment advice given by the Bank to the Client and all transactions effected at the Bank's discretion will be subject to the investment restrictions and objectives set out in the Client Investment Profile.

2.1.8 The Bank may agree from time to time to undertake stock lending activities with or for the Client.

2.1.9 The Bank shall require the Client to enter into a Special Agreement before providing any additional service to the Client including undertaking any stock lending activity or stock borrowing activity with or for the Client.

2.1.10 The Client understands and agrees that the Bank does not and shall not at any time provide any tax, accounting or legal advice to the Client and at no time should any information provided by the Bank be construed as such by the Client. In providing services to the Client, the Bank shall not be required to take into account taxation matters and the Client should therefore seek such tax advice or other advice as the Client considers appropriate from the Client's own tax or professional adviser(s) and take such advice into account in framing the Client's investment objectives and restrictions and limits on investments in the Client Profile.

2.1.11 The Bank will observe all investment limits or restrictions provided in the Client Investment Profile. Except as expressly provided in these Terms and Conditions or the Client Investment Profile as agreed with the Client from time to time.

2.2 Order Execution Policy: The summary of the Bank's order execution policy below outlines the manner in which the Bank will execute transactions so as to obtain the best possible result for the Client, the factors which will influence the manner of execution and details of the execution venues.

2.2.1 Application: The Bank will take all reasonable steps to provide best execution when executing the Client's orders in Financial Instruments ("Order") except where the Order relates to the primary issuance of securities where best execution may not be possible. In the case of a reasonable specific Client instruction, the Bank will execute the Order in accordance with the instruction given. In the absence of any express Client instruction, the Bank will carry out the Order in accordance with our best execution policy outlined below. This policy is designed to obtain the best possible result for the Client keeping in mind the characteristics of the said Client: the Bank will therefore seek to ensure that the result will be aimed to be consistent overall rather than specific to each Order.

2.2.2 Execution Factors

2.2.2.1 The manner in which an Order is executed can be affected by various factors. In determining how each of the Client's Orders will be executed the Bank will take into account the following:

- a) price;
- b) cost;
- c) speed;
- d) likelihood of execution or settlement;
- e) size of the Order;
- f) nature of the Order; and
- g) any other consideration relevant to the efficient execution of the Order.

2.2.2.2 Each of these factors will not necessarily be given equal weighting in the Bank's evaluation of how to obtain the best possible result for the Client and the Bank will determine the relative importance of each of these factors by reference to:

- a) the Client's characteristics as a Client;
- b) the characteristics and nature of the Order, including whether any specific instructions are given;
- c) the characteristics of the Financial Instruments that are the subject of the Order;
- d) the characteristics of the execution venues to which that Order can be directed; and
- e) current market conditions.

2.2.2.3 For most Orders, price and cost are likely to be the most important factors. However, the Bank may, at the Bank's absolute discretion, decide that other factors listed above are more important and act accordingly.

2.2.2.4 It is important to note that whilst the Bank will take all reasonable steps to satisfy that the Bank has processes in place to deliver the best execution for the Client; the Bank cannot guarantee that it will be able to provide the best execution for each and every Order.

2.2.3 Specific Instructions: Where the Client accompanies the Client's Order with specific instructions as to the manner of execution or a particular aspect of such Order, and the Bank complies with those specific instructions, the Bank will be deemed to have provided the Client with the best execution even if such instructions prevent the Bank from taking the steps which are designed to obtain the best possible results for execution of that Order.

2.2.4 Execution Venues

2.2.4.1 In the absence of any specific instruction, the Bank will direct the Client's Orders to the venue the Bank considers will provide the best possible result. This may be any one of:

- a) regulated markets;
- b) liquidity providers or market makers;
- c) third party brokers;
- d) multilateral trading facilities (systems operated by an investment firm that bring together multiple third party buying and selling interests in financial instruments); and
- e) systematic internalisers ("SIs")(these are investment firms that on an organised and frequent and systematic basis deal on their own account by executing Client's Orders outside a regulated market or a multilateral trading facility). The Bank does not act as an SI.

2.2.4.2 In meeting the Bank's obligation to obtain the best possible result when executing the Client's Orders the Bank places significant reliance on types of venues, listed below, to provide the Bank with the best possible result on a consistent basis. The Bank is not required to use these venues on every occasion and consequently the Bank may use other venues approved by the Bank from time to time. Details of these other venues are available on request. The following institutions will generally be used in conformity with the best execution policy as execution venues for: equities, fixed income, listed derivative contracts and foreign exchange.

- a) Third Party Brokers
- b) Correspondent Accounts
- c) Institutions who have custody of our assets

Concerning Collective Investment Schemes (CIS), generally the CIS itself is the only venue in which to transact a particular CIS. An individual CIS will state in its prospectus the manner in which subscription and/or redemptions can be purchased/made. This information should include how frequently liquidity will be provided, the time frames for the calculation of the net asset value and receiving orders. The Client's Orders will be directly executed with the CIS.

2.2.4.3 The Bank will not carry out a Client Order or a transaction for its own account in aggregation with another Client Order unless the aggregation of an Order or transaction does not work to the overall disadvantage of any client.

2.2.4.4 The Bank entrusts the execution of Client Orders to selected third parties who undertake to select the best execution venue for the Client Order. These third parties are verified and monitored to ensure they offer MiFID standards of best execution.

2.3 Order Handling Policy

In case of a Retail Client the Bank will send a notice confirming execution of the Order as soon as possible with specific regard to the overall structure and availability. Retained Mail Clients will not receive Order confirmations until they collect their mail. Where the Bank executes Orders in tranches, the Bank will supply the Client with the average price achieved. Where the average price is provided the Bank shall supply the Retail Client with information about the price of each tranche upon request. The total costs associated with the execution of the period may not include spreads and mark-ups on certain products. A detailed breakdown will be provided upon request. The Bank will supply the Client, on request, with information about the status of the Order. The Bank shall be under no obligation to confirm the instructions before they are executed or the accuracy or completeness of any information provided by the Client before it is acted upon or otherwise relied upon. However, except where the Bank is providing a Discretionary Service the Bank will provide the Client with information about the status of any instruction upon request. When the Bank is providing a Discretionary Service the Bank is under no obligation to provide the Client with daily transaction advices.

2.4 Operating the Client's Accounts

2.4.1 The Client authorises the Bank, until the Client gives the Bank notice otherwise:

- a) at any time during the term of these Terms and Conditions to open one or more accounts (each, an "Account") in the Client's name;
- b) to pay and to debit to the relevant Account all cheques, bills of exchange, promissory notes or other orders or instructions authorising payment drawn, accepted or made by the Client in connection with any such Account notwithstanding that any such debiting may cause the relevant Account to be overdrawn or any overdraft to be increased but without prejudice to the Bank's right at any time in the Bank's absolute discretion to refuse to allow any overdraft or increase of any overdraft;
- c) without in any way limiting the foregoing:
 - i. to carry out instructions countermanning payment of cheques, bills of exchange, promissory notes or instructions authorising payment when such instructions are given by the Client; and
 - ii. to deliver up on the client's instructions any investments, deeds, proxies, folders and parcels and their contents and property of any description held in the client's name;
- d) to place to the credit of such Account as specified by the Client or (in the absence of any such specification, any Account) all amounts, including dividends, interest and capital sums arising from investments received or collected by the Bank for the Client's credit;
- e) to take such other actions on the Client's behalf and at the Client's expense and exercise such powers as the Bank considers are necessary or desirable for, or incidental to, any actions the Bank are instructed to take or which are authorised under these Terms and Conditions or otherwise by the Client; and
- f) to employ agents or contractors in connection with any services described in these Terms and Conditions as the Bank sees fit.

2.4.2 The Bank will account to the Client for any transaction actioned on the Client's behalf by crediting or debiting payments and deliveries to the Client's Accounts with the Bank or any third party holding money or providing custody services to the Client. Subject to the Client discharging all of the Client's liabilities and otherwise as mentioned herein, the Bank will upon the Client's instruction deliver investments to the

Client or to the Client's reasonable order and/or, as the case may be, make a wire transfer of the cash balances on the Client's Account, in each case, at the Client's risk.

2.4.3 In relation to any specific transaction or dealing, the Bank's obligation to make any payment arising from such transaction or dealing shall only be to make payment in the currency that the Bank has previously agreed with the Client.

2.4.4 The Bank is not obliged to settle transactions or account to the Client unless and until the Bank (or the Bank's settlement agents) have received all necessary documents or money.

2.4.5 The Bank's obligations to deliver investments to the Client or to the Client's order or account to the Client for the proceeds of the disposal of Investments are conditional on the prior receipt by the Bank of appropriate documents or money from the other party to the transaction.

2.4.6 The Bank may purchase or borrow investments to cover any liability of the Client's to deliver instruments pursuant to transactions with or through the Bank and the Client will reimburse the Bank for any losses and expenses the Bank suffers in this way.

2.4.7 The Bank shall be entitled at any time to close any of the Client's Accounts and to demand immediate payment of all sums due or owing to the Bank whether present or future, actual or contingent and ascertained or unascertained.

2.4.8 The Bank shall be entitled to deduct from the monies held in the Client's Accounts or from any interest payable to the Client or otherwise to debit to the Client's Accounts any tax, which the Bank is required to deduct or withhold. The Bank will from time to time notify the Client if such Tax is deducted or withheld.

3. Beneficial Ownership

The Client undertakes to the Bank that: -

- a) the Client is the ultimate beneficial owner of all assets to be held in the Account; and
- b) neither the Client nor the ultimate beneficial owner of the assets to be held in the Account are US persons for purposes of US tax legislation ("US Person") which term includes US Citizens, residents of the US or those persons liable to US taxation for any reason whatsoever (including, but not limited to, US permanent residents, expatriates or former US permanent residents who have not complied with the relevant notification and filing requirements as provided by applicable law), unless otherwise notified to the Bank immediately in writing.

4. Instructions

Instructions to the Bank may be given in writing, verbally, by telephone, email, facsimile (fax) or by any other mode of communication acceptable to the Bank subject to paragraph 42 hereof and may be addressed to the Bank at Turicum House, 315 Main Street, Gibraltar or to such other address as the Bank may provide to the Client. The Bank may execute instructions without requiring the prior receipt of a written confirmation and without requiring any proof of identity and may treat such instruction as fully authorised by and binding upon the Client, regardless of the amount involved and despite any error, misunderstanding or ambiguity in the terms of such instructions. If the Client does not communicate any instructions which may become necessary to the Bank in good time, the Bank may, but shall not be obliged to, take any necessary action at its own discretion in what it considers to be in the Client's best interests. The Bank is not responsible for any loss, which may result or derive from any error, misunderstanding, ambiguity or the absence of any authorised instructions, and the Client relieves the Bank from any and all liability arising therefrom. Notwithstanding the Bank's right to refuse to execute instructions at any time and for any reason, the Client accepts that it may be necessary for the Bank to contact the Client to confirm the validity of any instructions (which may lead to delays in execution).

The Bank may record any telephone conversation with the Client. The Client unambiguously consents that the Bank may at any time record and or log communications between the Client and the Bank, as permitted by law and regulation, for the purpose of using such recordings as evidence of instructions given or terms agreed upon for legal or regulatory purposes. Any recording will be the Bank's sole property, and the period for which any recording is retained will be determined by the Bank at the Bank's absolute discretion.

There may be occasions where the Bank is unable to act upon an instruction and in such circumstances the Bank shall endeavour to notify the Client promptly but in no event shall the Bank be liable for any loss, expense or damage incurred by reason of such omission to act.

Notwithstanding any signing mandate provided to the bank by the Client, such as for example sole, jointly or multiple party signatories, the Bank is duly authorised by the Client to trade securities or perform foreign exchange transactions by taking instructions, including telephone instructions, from one authorised signatory.

5. Consolidation

The Bank may at any time and without notice to the Client combine and consolidate all or any Accounts held in the name of the Client or to which the Client is beneficially entitled and/or set-off any money, whether on current account or deposit account and whether in Pounds Sterling or in any other currency, which the Bank may at any time hold in any one or more Accounts against any liability owed to the Bank by the Client, whether in Pounds Sterling or in any other currency and whether such liability is or may be joint or several or primary or contingent.

6. Closure

a) The Bank may close an account for any of the following reasons:

- i. The client has deliberately used the account for illegal purposes;
- ii. there has been no client generated transaction on the account for more than 24 consecutive months;
- iii. the client provided incorrect information in order to open the account and if correct information had been provided, the applicant would have been refused;
- iv. the client is no longer a legally resident consumer;
- v. the client has subsequently opened another account which allows the client to make use of the services listed in regulation 21(1) of Financial Services (Payments Accounts) Regulations 2020, in Gibraltar;
- vi. permitting the client to continue using the account would breach a requirement or limitation imposed by the Gibraltar Financial Services Commission or any other relevant authority;
- vii. if the Bank considers that the client's conduct towards it or its staff amounts to the commission of an offence under section 58, 82, 88, 89, 92, 92A, 94, 94A, 99 or 415 to 422 of the Crimes Act 2011;
- viii. the Bank no longer wishes to maintain a commercial relationship with the client; or
- ix. the Bank has a legitimate interest to close the account.

- b) Where the Bank decides to close an account on the grounds of a) ii., iv., v., or viii, it must inform the client of the reasons for closure in writing by providing at least sixty days notice before the closure takes effect, unless doing so would be contrary to the objective of national security or public policy.

Joint Account statements will be sent to the first named signatory unless any other signatory so instructs in writing. The Bank's own books and records (whether kept on paper, micro-film, by electronic or magnetic recording, or in any other mechanically reproducible form or otherwise) shall be deemed to constitute sufficient evidence of any obligations of the Client to the Bank and of any facts and events relied upon by the Bank.

11. Reversal of Entries

The Bank may debit any Account for the amount of any draft, cheque or similar instrument previously credited in the event they are not paid, honoured or due to any error in addition to any costs incurred by the Bank as a result of non-payment or non-satisfaction. Cheques may be returned owing to the subsequent discovery of a forgery of prior endorsements, other irregularity or fraud at any time in the future.

12. Bank's Liability

If the Client suffers any loss or incurs any expense due to the non-execution or late execution of instructions by the Bank, including instructions where the Bank or an associate has a material interest or conflict of interest in services or transactions with or for the Client, the Bank's liability shall be limited to an amount equal to the loss of interest caused by the non-execution or late execution of those instructions. The Bank, its employees, agents and/or officers shall not be liable for any loss or damage of any kind suffered by the Client, under or in connection with the services provided by the Bank (other than directly due to the Bank's, its employees, agents and/or officers negligence, wilful default or fraud), including those resulting from factors over which the Bank has no control including, but not limited to, errors, omissions, strikes, industrial action, failure of power supplies or equipment, interruption and/or failures or delays in transmission or delivery, provided in all cases that the Bank and its employees and officers have acted in good faith.

Securities and Investments in NTIPs may physically be located outside Gibraltar. The Bank shall not be liable for any act or omission or be accountable for the solvency of any nominee or agent or third party selected by it. Interest, commissions, fees and other charges (including charges for administrative costs and any charges incurred in closing an account) are payable by the Client to the Bank without any deduction or

set-off and may be debited by the Bank to any account. The Bank may vary its applicable interest rates, commissions, fees and other charges from time to time.

17. Assignment

The Client may not assign or otherwise transfer any of the Client's rights, interests or obligations in or relating to any Account without the prior written notice of the Bank.

18. The Bank's Discretion

The Bank may at any time alter or amend these Terms and Conditions by written notice to the Client or on such other durable medium, as the Bank considers appropriate. Any right or power which may be exercised or any determination which may be made hereunder by the Bank may be exercised or made in the Bank's absolute and unfettered discretion and the Bank shall not be under any obligation to give reasons thereof.

19. Waiver

Failure by the Bank to enforce or exercise, at any time, any of these Terms and Conditions or any other right or remedy does not constitute, and shall not be construed as, a waiver of such term, right or remedy and shall in no way affect the Bank's right to subsequently enforce or exercise these Terms and Conditions.

20. Notices by the Bank

All notices, statements and other communications from the Bank to the Client shall be in writing and shall be delivered by hand, facsimile, electronic mail or post (subject to paragraph 15 above) and shall be deemed to have been duly received at the time such notice, statement or other communication is delivered by hand, transmitted by facsimile, stored in the Client's electronic mailbox or on the fifth day following posting by ordinary mail to the Client at the Client's address as held in the Bank's records or to such address as otherwise notified in writing by the Client to the Bank. The Client will indemnify the Bank against any liabilities, losses, damages, reasonable costs and expenses directly or indirectly incurred as a result of the delivery of all notices, statements and other communications. The Bank accepts no liability to the Client for any failure or delay in the delivery of notices, statements and other communications entrusted to a courier, submitted by post or entrusted for delivery pursuant to other means where such failure or delay was caused by circumstances beyond the Bank's control.

21. Declarations of Ownership

The Bank or its nominee or agent may execute (as custodian and for and on behalf of the Client) any necessary declarations or certificates of ownership, beneficial or otherwise, as may be required under any applicable laws.

22. Disputes and Jurisdiction

A dispute or claim arising between the Client and the Bank shall be governed by and construed in accordance with the law of Gibraltar.

The Client and the Bank irrevocably agree that the seat of any dispute resolution procedure will exclusively be in Gibraltar.

Custodian Accounts

23. Deposit of Securities

The Client may request the Bank to open a Custodian Account to hold Securities deposited by the Client with and accepted by the Bank for retention in such account. The Client at the time of the deposit and during the period such a Custodian Account remains open shall continuously warrant ownership and control of all Securities, authority to deposit all Securities received by the Bank and to give instructions in relation to the Securities and that for the purposes of the Security Interest in favour of the Bank (see paragraph 32 below) all Securities are and will remain free from any legal or beneficial encumbrances. The Client shall be responsible for and shall immediately indemnify the Bank against any losses, liabilities, claims and demands arising from the use of the Custodian Account and the assets contained therein in addition to any expenses, taxes or other charges which the Bank shall or may incur in connection with any such deposited Securities.

24. Custodian Service

The Bank will provide a service which comprises: -

- a) safe custody of the Securities;
- b) collection of interest, dividends when due and principal monies on maturity or sale of the Securities;
- c) payment of monies so collected to such account as may be designated by the Client;
- d) furnishing periodic statements of current holdings including Securities (for the avoidance of doubt the Bank does not provide a valuation service);
- e) notification to the Client of redemptions, rights issues, bonus issues and matters relating to corporate actions. If the Client does not respond to the notification within an appropriate time (which shall be determined by the Bank on consideration of the relevant facts in the Bank's knowledge at the relevant time) and the Bank has the option of selecting either cash or stock distributions the Bank as a policy will select cash distributions, unless the Client has expressly instructed the Bank otherwise, even if such a Client instruction is contrary to the default action to be adopted by the Bank as referred to in the corporate action. Unless advised otherwise in writing the Bank will take no action in relation to odd-lot share purchase offers.

25. Investment risks and warnings

All investments entail an element of risk. The price and value of Securities and any income that may accrue may fluctuate and may rise or fall, and may also be affected by currency fluctuations. Any reference to past performance is not necessarily a guide to future performance. All opinions expressed by or on behalf of the Bank are subject to amendment or revocation. The degree of risk attached to individual investments may change in circumstances where it is not possible within a reasonable or sufficient time or even at all to realise the particular investment. Alternative investments, derivative or structured products and NTIPs are complex instruments, typically involve a high degree of risk and are intended for sale only to investors who are capable of understanding and assuming all the risks involved. Investments in emerging markets are speculative and considerably more volatile than investments in established markets. Risks include but are not necessarily limited to: political risks, economic risks, credit risks, currency risks and market risks. An investment in Complex Products or NTIPs should be made only after careful study of the product documentation or the most recent prospectus and other fund information, and basic legal information contained therein. Prospectuses and other fund information may be obtained from the fund management companies and/or from their agents. It is possible even with a relatively small adverse market movement for a derivative instrument (such as an options contract) to incur an unquantifiable loss, particularly if the deposit or margin paid is low in comparison to the overall value of a contract. From time to time the Bank may provide information for the benefit of the Client regarding an investment, which may be illiquid or not readily realisable. This means the market is or could become illiquid, the investment difficult to resell, and its proper price difficult to assess. The Client confirms to the Bank that the Client understands that there may be a decrease in the value of the

investment as a result. Further information on special risks in Securities trading, including NTIPs, Options and Structured Investment Products can be provided on demand.

Further details on the associated risks in relation to investment strategies and asset classes are available from the Bank upon request.

26. Notices concerning Securities

The Bank will endeavour to forward to existing Clients within a reasonable time all notices and other communications received in respect of the Securities purchased by the Bank on behalf of the Client. The Bank will not be in any way obliged to forward notices and other communications received in respect of Securities once the Bank has closed the Client's Account(s).

Except in the case of wilful default, neither the Bank nor any nominee, employee or agent shall have any liability for any failure to forward such notices or communication correctly or promptly or in sufficient time for instructions to be given by the Client with regard to any matters referred to in such notices or communications.

In the absence of contrary instructions from the Client, the Bank may exercise any rights or satisfy any liabilities arising from or in respect of the Securities as the Bank at its sole discretion thinks fit, and may debit the Client with the associated costs arising from the taking of such an action. The Bank will not exercise any voting rights in respect of the Securities where the Client enters into a 'Discretionary Portfolio Management Application and Agreement' with the Bank.

The Bank shall not be liable for any loss arising or derived from the exercise of such rights or the satisfaction of such liabilities or the failure by the Bank to take any such action.

27. Bank's Interest

Details of how the Bank manages or avoids actual or potential conflicts of interest are set out in our Conflicts Policy as follows:

27.1 Conflict of Interest Policy (the Policy)

27.1.1 Introduction: The Policy makes up one part of the Bank's ongoing commitment to adhere to the highest standards of ethical conduct in relation to the Bank's treatment of the Bank's Clients and conflict management. This document aims to summarise the key aspects of that Policy.

27.1.2 The Policy: The Bank's Policy is to manage, and where necessary prohibit, any action or transaction that may pose a Conflict between the Bank's, or the Bank's employees' interests and those of the Bank's Clients.

27.1.3 Rationale: Like every global financial services provider that engages in a wide range of businesses and activities, the Bank faces potential Conflicts on a regular basis. The Bank strives to manage them in a manner consistent with the highest standards of integrity and fair dealing. In order to ensure that these standards are met the Bank continually and proactively seeks to identify and manage Conflicts to avoid both the appearance of, as well as actual, impropriety.

27.1.4 Identification of Conflicts

27.1.4.1 Conflicts are unavoidable in an integrated global financial services operation. The Bank undertakes a number of activities and provides a number of services where there is a risk that the interests of one or more clients could be compromised. These include:

- a) trading on behalf of Clients;

- b) advising in mergers and acquisitions;
- c) managing portfolios of investments;
- d) providing investment advice;
- e) underwriting and/or placing of securities

27.1.4.2 While it is not practical to define precisely or create an exhaustive list of all relevant Conflicts that may arise in the Bank's business, there are several identifiable categories of Conflicts:

- a) **Client-Bank Conflicts**
Potential Conflicts may exist between Client interests and the interests of a particular business unit or the Turicum Group generally. These types of Conflicts include situations where the Bank may be unfairly advantaged at the expense of a Client. For example, executing a transaction for the Client where the Bank has knowledge of other actual potential transactions in the relevant security.
- b) **Client-Client conflicts**
Potential Conflicts may also exist between different Clients or different types of Clients. In these situations, one Client may receive preferential treatment, which could negatively impact another Client. For example, where an aggregation of orders favours one Client over another.
- c) **Employee-Client Conflicts**
Potential Conflicts may also exist between the interests of an employee and the interests of Clients. In these situations, employees' interests may not be aligned with the best interests of the Clients. For example, where a staff member front-runs a Client's instruction.
- d) **Conflicts within Turicum Private Bank**
Potential conflicts may also arise within the Bank. Examples of these include, but are not limited to, a division of the Bank favouring its interest over another division which as a result would be inconsistent with the interests of the Bank or where an employee's interest in the outcome of a particular issue differs from the Bank's interest.
- e) **Conflicts between Turicum Private Bank and third parties** Potential conflicts may also arise between the Bank and third parties. Examples of these include, but are not limited to, persons who are directly or indirectly linked to the firm by control (e.g. shareholders / controllers influencing decisions against the interest of the Bank).

27.1.5 Conflicts Management

27.1.5.1 The Bank employs a number of techniques to manage and mitigate conflicts of interest including:

- a. using physical and electronic information barriers to stop and control the flow of information between certain parts of the Bank's business;
- b. monitoring to ensure proper functioning of the information barriers;
- c. a reputational risk review process for the escalation of Conflicts that fall outside of established Conflicts-resolution procedures;

- d. provision of internal guidance and training to relevant employees to raise their awareness of Conflicts and how to deal with Conflicts when they arise; and
- e. Organisational structure that ensures proper segregation of duties and oversight of the respective functions.

27.1.5.2 In addition, there are various other policies and processes in place that address Conflicts.

27.1.6 Use of Disclosure

Where the Bank has used all reasonable efforts to manage a Conflict but those efforts are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of a Client will be prevented, the Bank will consider whether disclosure is appropriate or whether, bearing in mind the risks involved, the Bank should refrain from acting for one or more of the Bank's Clients.

27.2 While the Bank believes that the measures contained in the Bank's Conflicts Policy should ensure, with reasonable confidence, that risks of damage to the Client's interests will be prevented the Bank feels that it is prudent to alert the Client to the situation in which a conflict of interest might arise. For example, when the Bank recommends a transaction to the Client or enters into a transaction for the Client, the Bank or one of the Bank's associates, could be:

- a) acting as agent or arranging a transaction for an associate or another Client or investor and also acting as agent for the Client in the same transaction;
 - b) buying and selling units in a Collective Investment Scheme where the Bank, or an associate is the trustee, operator (or an adviser of the trustee or operator) of the scheme;
 - c) buying Securities where an associate is involved in a new issue, offer for sale, rights issue, takeover offer, other offer or similar transaction concerning the Security;
 - d) executing a transaction for or with the Client in circumstances where the Bank has knowledge of other actual or potential transactions in the relevant Security;
 - e) holding a position in, or trading, dealing or market making in, Securities purchased or sold by the Client;
 - f) sponsoring, underwriting, sub-underwriting, placing, purchasing, arranging, acting as stabilising manager for, or otherwise participating in, the issue of Securities purchased or sold by the Client;
 - g) acting as adviser or Banker to, or having any other business relationship with, or interest in, the issuer (or any of its associates or advisers) or any Securities purchased or sold by the Client or advising or acting as Banker to any person in connection with a merger, acquisition or take-over by or for any such issuer (or associate);
28. being the issuer of any Securities, purchased or sold by the Client (or being adviser or Banker to, or having any other business relationship with) the trustee, custodian, operator or manager of, or investment adviser, to any form of Collective Investment Scheme in which interests are purchased or sold by the Client; or
29. acting as Banker to the Client and/or extending credit to the Client.

27.3 If the Client objects to the Bank acting, on the basis set out in this clause, notwithstanding that the Bank has a material interest or conflict of interest it should notify the Bank's chief Risk Officer in writing. Unless such notification has been received from the Client, the Bank will assume that the Client does not object to the Bank so acting.

27.4.1 Any instructions received to buy or sell Securities (other than equities) may be fulfilled (in whole or in part) by the sale to or the purchase from the Client of the relevant Securities by an associate of the Bank. This will generally not be disclosed to the Client in advance.

27.5 (Other Remuneration): It is the Policy of the Bank not to receive or pay any fee or commission or provide any nonmonetary benefit to a party other than the client concerned (or a person acting on the client's behalf). The Bank may, however, on occasions make or receive minor non-monetary benefits to other legal entities or third parties.

The relationship between the Bank and the Client is as described in these Terms and Conditions. Neither the relationship, nor the services the Bank provides, nor any other matter, will be deemed to give rise to any fiduciary or equitable duties on the Bank's part, or that of any associate, which would prevent or hinder it from market-making or otherwise acting in dual capacity (either as principal or agent) in respect of Securities sold or purchased or to be sold or purchased by the Client, in doing business with associates, connected Clients and other investors whether for the Client's account or for the account of associates, connected Clients and/or other investors or in any other way from acting as provided in these Terms and Conditions.

28. Research

28.1 When the Bank disseminates research to the Client, the Bank shall do so in accordance with the requirements of the Bank's Conflict of Interests Policy as disclosed in paragraph 27.1 above. Where the Bank is in possession of, or otherwise aware of, investment research that the Bank might disseminate to the Bank's Clients but the Bank has not yet disseminated that research, the fact that the research has not yet been disseminated will not prevent the Bank or any associate from acting as a market maker or from executing orders that the Bank or the associate has received from Clients in relation to the investments that are the subject matter of the research.

28.2 The Bank or the Bank's associates may from time to time provide research reports and recommendations to the Client (but are under no obligation to do so). Where the Bank does so, the Bank need not (subject to the Bank's obligations under the Gibraltar legislation) ensure that any advice or information the Bank gives is given to the Client either before or at the same time as it is made available to the Bank's associates or to the Bank or their employees, officers or directors. Further, it is possible that the Client may not receive such advice or information at the same time as the Bank's other Clients.

28.3 Subject to the Bank's obligations under Gibraltar legislation, the Bank will be under no obligation to take account of any reports and recommendations issued to the Clients when the Bank advises or deals with or for the Client. Further, the Bank need not ensure that the Bank's advice or dealings for the Client takes account of any research which has been carried out for the Bank's or the Bank's associates' market makers or otherwise with a view to assisting the Bank or the Bank's associates own activities.

28.4 The Client agrees not to pass on any research publication to another person without the Bank's prior written approval. Where the Bank does consent, such passing on must be in accordance with any restrictions set out in the document concerning the class of person to whom the document may be passed on.

29. Central Clearing

Securities deposited by the Client may at the Bank's sole discretion be deposited with correspondent Banks or in a central clearing facility in the name of the Bank (subject to paragraph 14) and such deposit will be subject to the laws of the jurisdiction of the correspondent Bank or central clearing facility, but for the account of the Client and at the Client's sole risk. Securities so deposited may be commingled with securities belonging to other parties and the Client acknowledges that identification by distinctive numbers of securities owned by the Client may not be possible or feasible.

30. Bank's Responsibility

The Bank will exercise the same care with respect to the custody of Securities deposited by the Client as it would exercise in respect of its own-property of a similar nature (save that the Bank need not maintain any insurance for the Client's benefit). The Bank exercises due skill, care and diligence in the selection, appointment and periodic review of any Sub-Custodian but, apart from this obligation, the Bank shall not be liable for any acts or omissions of that Sub-Custodian except where such Sub-Custodian is a nominee company owned by the Bank (in which case we shall be liable for its negligence, wilful default and fraud). Notwithstanding the above, the Bank will be responsible only for the performance of such duties as are set out in these Terms and Conditions or as may otherwise be agreed between the Client and the Bank in writing. All collections of funds or other property paid or distributed in respect of Securities will be made at the Client's own risk.

31. Return of Securities

Upon closure of a Custodian Account, the Bank will forthwith deliver all deposited Securities to the Client upon the Client satisfying all amounts due and payable to the Bank, the Client acknowledging the Bank's lien over such Securities until payment is made in full. The Bank shall not be bound to return Securities bearing serial numbers identical to those deposited so long as the Securities returned to the Client are of the same class, denomination, nominal amount and rank *pari passu* with those recorded as held by the Bank in the Client's name.

Security Interest (in case of liabilities by the Client to the Bank)

32. Charge

The Client agrees that in the event of and for so long as any monies or liabilities are outstanding to the Bank, the Client charges to the Bank by way of first fixed charge: -

- i. the Deposit in any currency and whether in addition to or by way of renewal of or replacement for any sums previously deposited with the Bank by the Client or otherwise together, in each case, with any interest from time to time in respect thereof to the intent that such charge shall operate as a release in the Bank's favour of the Bank's debt to the Client represented by the Deposit; and
- ii. all Securities and all benefits, rights, and entitlements arising thereof as a continuing security for the payment and discharge to the Bank on demand of all monies and the satisfaction of all liabilities, present or future, actual or contingent (including liabilities as surety or guarantee) for which the Client may be or become liable to the Bank on any account or in any manner whatsoever and whether alone or jointly with any other person or persons and whether as principal or surety, together with all interest, commissions, fees, charges, costs and expenses incurred by the Bank in relation to the Client or the property hereby charged and which the Bank may incur in enforcing its charge or in obtaining payment from the Client or in attempting so to do.

33. Security

So as to provide greater security over the Deposit and Securities, the Client agrees that, if and for so long as any monies or liabilities are outstanding to the Bank: -

- a) any mandate which, but for the charge in favour of the Bank, would govern the operation of the Deposit or any Custodian Account shall be suspended;
- b) notwithstanding the foregoing, the Bank may at any time at its sole discretion be entitled (but not bound) to accept any request from the Client given in conformity with any suspended mandate with regard to the Deposit or any Securities (including withdrawal of monies and payment of interest) but in acting upon any request, the Bank shall be deemed not to have released its charge or otherwise waived its rights;

- c) no liability whatsoever shall attach to the Bank by reason of the Bank acting or refusing or neglecting to act on any request from the Client;
- d) if the Deposit shall be held at any time on an interest-bearing account, it shall at expiry be re-deposited upon such terms as may be agreed between the Bank and the Client or, failing such an agreement, upon such terms as the Bank shall determine at its sole discretion; and
- e) the Client will, upon the Bank's request, execute and sign all such transfers, powers of attorney or other documents as the Bank may require to affect the registration of the Securities in the name of the Bank or its nominee or a purchaser or a transferee.

34. Margin

The Client shall maintain such margin of security in relation to the aggregate of the monies and liabilities as referred to in paragraph 33 above as the Bank shall from time to time require by the deposit with the Bank on demand of additional sums (which shall form part of the Deposit) or additional collateral approved by the Bank, which shall be charged absolutely to and held by the Bank subject to these Terms and Conditions.

35. Bank's Certificate

For all purposes, including any legal proceedings, a certificate by any of the Bank's officers as to the existence and sums of monies and liabilities for the time being due or incurred by the Client and/or stating the existence of a default by the Client of any monies and/or liabilities owing to the Bank shall be conclusive evidence thereof.

36. Default

If the Client fails to pay or settle on the due date or on demand any of the monies or liabilities referred to in paragraph 33 above, or any event of default as specified in any facility agreement between the Bank and the Client is triggered, the Client acknowledges that the Bank may at any time thereafter and without prejudice to any other right or remedy available to it: -

- a) apply the whole or parts of any Deposit in or towards payment of any such monies or liabilities as aforesaid as the Bank may think fit;
- b) for such purposes convert at the Client's expense the whole or any part or parts of any Deposit into any other currency; and
- c) sell the Securities or any part of them in such manner and at such price or prices, without being responsible for loss, as the Bank may deem expedient subject to applicable law and (subject to paragraph 38 below) apply the net proceeds thereof in or towards payment of any such monies or liabilities as aforesaid as the Bank may think fit. Upon any sale of the Securities or any of them which the Bank may make or purport to make the Client will indemnify the Bank against any claim which may be made against the Bank by a purchaser by reason of any defect in the Client's title to such Securities.

37. Avoidance of Payments

Subject to applicable law, no assurance, security or payment which may be avoided or adjusted under any legislation relating to bankruptcy or insolvency and no release, settlement or discharge given or made by the Bank on the faith of any such assurance, security or payment shall prejudice or affect the right of the Bank to recover from the Client or to enforce the security created hereby.

38. Suspense Account

The Bank may, at any time, place and keep, for such time as it may at its sole discretion think prudent, any monies received, recovered, or realised by virtue of the security hereby given or under any other guarantee or security to the credit of either the Client or such other person or transaction (if any) on suspense account as the Bank shall think fit, without any immediate obligation on the Bank's part to apply the same or any part thereof in or towards the discharge of the monies as aforesaid, or to treat the Client's liability as reduced.

39. Calls

The Client shall duly and promptly pay all calls which may from time to time be made in respect of unpaid monies arising or deriving from any of the Securities and will duly and promptly pay any other monies which may lawfully be required to be paid arising or deriving in respect of any of the Securities.

40. Exclusion

None noted.

41. Data Protection

- a) The EUs 'General Data Protection Regulations' (the 'GDPR') imposes requirements on persons who process 'personal data' as defined in the GDPR. The Bank's obligation is to comply with the terms of the GDPR and the Bank shall be responsible for any loss or damage suffered by the Client as a result of the Bank's failure to comply with the GDPR. If the GDPR also applies to the Client, the Client agrees to comply with it and shall be responsible for any loss or damage suffered by the Bank as a result of the Client's failure to comply with it.

59.3 The Client acknowledges and accepts that the Client has selected the manager on the Clients own responsibility and without involvement or recommendation by the bank and accordingly neither the bank nor any of its officers or employees shall be liable for any diminution in value of the portfolio or any failure to secure a particular level of income or capital gain for the portfolio and for any other loss, damage, expense or liability that may be incurred or sustained by the Client as a result of any instruction given by the manager to the bank.

59.4 The Client hereby indemnifies and holds harmless the bank and its officers and employees against all liabilities, losses, damages, costs or expenses of any kind which may be incurred by any of them and all actions and proceedings which may be brought by or against them in any manner directly or indirectly in connection with the Clients appointment of the manager provided that the bank acts in good faith.

59.5 The appointments of the manager shall remain in force until such time as the bank receives written instructions from the Client to the contrary and shall continue in force notwithstanding the death of the Client. The Client hereby covenants with the bank that after the Clients death the personal representatives of the Client shall ratify and confirm all instructions given by the manager. The manager agrees and accepts appointment by the Client and agrees to be bound by the Banks General Terms and conditions and to provide to the bank such documentation to further assure this appointment as the bank may require from time to time.

60. Fiduciary Deposit Agreement

60.1. The Client hereby authorises the Bank, subject to the Client's instructions, to use funds held by the Client at the Bank to make fiduciary deposits in its own name, but for the account and at the risk of the Client, with other Banks or financial institutions. The Bank shall act as agent within the meaning set out and intended by the European Banking Authority.

60.2. The Bank will provide interested Clients with a list of available fiduciary deposits that can be placed with a third party Bank or financial institution. The Client shall be exclusively entitled to select the provider from said list, investment currency, amount and term of the fiduciary deposit (including any potential investment renewal, extension, increase or reduction) and to decide whether or not to make new investments as soon as any earlier investments mature, or at some later date. The Client shall issue specific instructions regarding such matters in each case. The Client confirms that he/she will issue each specific instruction in full autonomy and full knowledge of the risks related to fiduciary deposits such as the risk of default of the other Bank or financial institution where the fiduciary deposit is placed, the currency exchange risk, the country risk and the transfer risk.

60.3. In order to give effect to the Client instructions, the Bank is empowered and instructed to sign or execute on behalf of the Client all and any documents relating to the placement of the Fiduciary Deposit as may be necessary.

60.4. The Bank shall solely be obliged to pay to the Client the amounts corresponding to the principal and to the interests earned on the investment made freely available by it.

60.5. The Client undertakes to pay the Bank a commission as well as the other costs related to the investment in accordance with the applicable rate at the time of the investment, as provided for in the Banks Tariff of fees.

60.6. The Bank shall not make any recommendations or advice, particularly in relation to a specific instruction, and the Client waives any demand for such advice or recommendations.

60.7. The Bank is expressly prohibited from transferring or disposing of the Client funds or any part thereof, including the Fiduciary deposit, to an account of its own or of a third party or parties and the Bank is not entitled to have the funds or any part thereof assigned, delivered, pledged, charged or in any other way used as security against the liabilities of the Bank or of any third party.

60.8. Notwithstanding the provisions of Clause 7 above, the Bank is authorised to; pledge the funds (or any part thereof) against liabilities of the Client; or to pledge the funds (or any part thereof) in favour of the other Bank or financial institution holding the fiduciary deposit in order to secure facilities for investment purposes within the usual borrowing margins; or to draw from the funds in the Account or in the Fiduciary Deposit in accordance with the indemnities due to the Bank and provided for in this Agreement.

60.9. If another Bank or financial institution does not comply with its obligations, or only complies with them in part (e.g. because of rules related to transfer or currency exchange in its country of residence or in the country of the investment currency), the Bank shall be obliged to assign to the Client the receivables due to the Bank only, provided that these have not already been paid in another form. The Bank is not bound by any other obligation.

60.10. The Client bears the entire risk associated with the management of the assets and the preservation of their value, and expressly consents to any act performed by the Bank in making fiduciary deposits on the Client's behalf and on the basis of instructions issued by the Client. The Client acknowledges that the Bank assumes no liability or responsibility for any decisions left to its discretion, and undertakes to indemnify, protect and hold the Bank harmless against all claims that may arise as a result of the bank acting for the client under this agreement. The Client undertakes to impose the same obligation on its legal successors.

60.11. In the event of the Bank incurring any liability or suffering any action, proceeding, claim or demand against it by reason of the performance of any of its duties under the terms of this Agreement, the Bank shall be entitled to have recourse to the funds to satisfy any liability, claim or demand that is made against the Bank or to discharging the cost of any indemnity to which the Bank is entitled under this Agreement and, should the funds prove insufficient to meet such liability or payment and all expenses incidental thereto or expenses incurred in resisting or disputing (whether successfully or not) such liability, action, proceeding, claim or demand, the Client shall indemnify the Bank to the extent of any such insufficiency up to the full amount of such liability and/or payment and/or expenses as aforesaid.

60.12. This agreement shall remain in force until it is terminated by either the Bank or the Client. The termination shall not impact the fiduciary deposits already made. Neither the client's death, nor his legal incapacity or bankruptcy shall have the effect of terminating this agreement.

60.13. The Bank's General Terms and Conditions remain applicable to the extent that they do not conflict the provisions of this agreement. Should there be a conflict, the provisions of this section shall prevail.

61. Effective Date

These Terms and Conditions are effective from 1st January 2021.
